

ALU-T77 INSULATED ALUMINUM SHUTTER

ALU-T77 INSULATED ALUMINUM SHUTTER

ALU-T77

PRODUCT DESCRIPTION

Our ALU-T77 models come insulated which make them the perfect product for customers who want to save on energy bills or reduce sound pollution. Essentially the bigger, more secure version of our [ALU-T55](#), they are typically used as garage doors and consequently we are pleased to offer a range of standard colours.

IDEAL USES

- Shop fronts
- Warehouses
- Garage doors
- Over large domestic windows

KEY FEATURES

- Offers medium to high security
- More lightweight than a steel shutter meaning less energy is required to open them.
- Available in 18 standard colours, and can also come in 4 wood laminate finishes for an extra charge.
